Proposals

- **PROPOSAL 1:**
  Introduction of Mixology Competition in Open IIT

- **PROPOSAL 2:**
  Implementation of a KGP CultHub Portal.

- **PROPOSAL 3:**
  THE SCHOLAR-ARTIST INITIATIVE – PROMOTING AWARD ELIGIBILITY FOR PG/RS STUDENTS

- **PROPOSAL 4:**
  Unison – The PAN India Cultural Heritage Exchange

PROPOSAL 1: Introduction of Mixology Competition in Open IIT

OBJECTIVE:

The aim of this proposal is to introduce a formal mocktail making competition. This initiative seeks to provide a dedicated platform where students can develop and showcase their culinary skills and presentation techniques, while, most importantly, preparing and providing participants with necessary exposure for the Mixology event in Inter-IIT Cultural Meets.

IMPLEMENTATION:

- The event will be an offline group event, with the competition being held in teams of two participants.
- The teams will be required to prepare three different drinks which are as per the colour combinations and theme. The colour combinations and the theme will be chosen for a particular team via a lucky draw process.
- The ingredients will include a list of raw and unprocessed ingredients, which will be announced 5 days prior to the event.
- An external judge will evaluate the submissions based on the judging criteria.

JUDGING CRITERIA:

Visual Appeal	20 %
Palatability	30 %
Creativity and use of Ingredients	20 %
Theme Alignment	30 %

RULES FOR OPEN IIT MIXOLOGY:

- The participants are required to use the instruments and raw materials provided for the event, in line with the format followed in the Mixology event at the Inter-IIT Cultural Meets.
- Each team will be given a time of 15 minutes for conceptualization and 60 minutes for the preparation and presentation of three unique mocktails, clock starting once the theme and colors are out via the lucky draw.

GROUNDWORK:

The Mixology event contributes **33.3% of the total points (30 out of 90)** in the Culinary Arts Cup at the Inter-IIT Cultural Meet (as per the rulebook of the 8th edition of Inter-IIT Cultural Meet), making it a significant component of the Culinary Arts Cup.

In the 7th edition of the Inter-IIT Cultural Meet, IIT Kharagpur secured 3rd position in Mixology, earning 18/30 points (60%), while IIT Patna and IIT Palakkad secured 1st and 2nd positions with 30/30 points (100%) and 24/30 points (80%) respectively. This presents a strong opportunity where targeted preparation can help bridge the gap and improve IIT Kharagpur's standings in the Culinary Arts Cup.

The introduction of this event will help IIT Kharagpur perform better in the Mixology event at Inter-IIT Cultural Meets by bridging the existing gap. By introducing this event, we move from irregular participation to structured preparation, ensuring consistent improvement and stronger performance at Inter-IIT.

The budget break-up for organising the event is as follows:(approx 15-20 teams)

Ingredients Procurement	INR 5,000 /-
Equipment and Set Up	INR 1,000/-
Judge Fee	INR 2,000/-
Total Cost	**INR 8,000/-**

IMPACT:

Historically, IIT Kharagpur has not fully capitalized on this segment due to the absence of a structured preparation and training platform at the institute level.

This proposal introduces a new event in Open IIT, expanding its scope beyond traditional arts. It will enable more prepared and targeted participation for the Mixology event at the Inter-IIT Cultural Meet, while also encouraging students to explore and participate in culinary arts competitions. Over time, this initiative aims to build a strong foundation and legacy for IIT Kharagpur in the Mixology event and potentially the Culinary Arts Cup in subsequent Inter-IIT Cultural Meets.

PROPOSAL 2: The KGP CultHub - A Centralized Platform for every Social & Cultural Activity

OBJECTIVE:
The aim of this proposal is to develop a centralized digital platform, titled " **The KGP CultHub**", which will display information related to all cultural activities including General Championship (GC), Open IIT, Inter IIT Cultural meet and various societies into a single, accessible interface. This platform will serve as a one-stop solution for event discovery, participation, selection updates, and evaluation, increasing transparency and improving outreach while streamlining the cultural ecosystem of IIT Kharagpur.

IMPLEMENTATION:

● **Development of Website:**
A dedicated website will be created to host all cultural-related information and functionalities under one platform.

● **Integrated Event Dashboard:**

The platform will include:

- General Championship (GC) events and schedules
- Open IIT events schedule and registrations
- Society events , selections and activities

● **Upcoming Events & Notifications:**

- A regularly updated section displaying **upcoming events, deadlines, and announcements.**
- Notifications regarding **registrations, auditions, and selections**

● **Selection and Results Portal:**

- Transparent display of **selection lists for Inter-IIT and society teams**
- Publishing of **event results and standings**

● **User Accessibility:**

- Students can easily navigate events, register, and track participation

- Designed to be **mobile-friendly and user-centric**

KEY FEATURES:

- Centralized cultural information system
- Real-time updates on events and results
- Transparent selection and notification system
- Online judging mechanism for major competitions
- User-friendly interface accessible to all students

RULES AND GUIDELINES:

- All event organizers and the hall representatives of respective hall of residence must **update event details , participation list before the event and results on the platform**.
- Judges will be required to **submit scores through the online system** for events through the admin portal.
- Only authorized coordinators will have **editing and administrative access**.
- The platform will maintain **data integrity and confidentiality** where required.

GROUNDWORK:

- Collaboration with the **web team of Technology Students' Gymkhana** for development and maintenance.
- Designing a **structured database** for events, participants, and results.
- Creating a **standardized format for event updates and notifications**.
- Training event organizers and coordinators to use the platform effectively.
- Ensuring **regular updates and monitoring** for smooth functioning.

BUDGET:

- Website Development and Maintenance: ₹6000/-
- Technical Infrastructure and Backend Support: ₹2000/-
- Miscellaneous Expenses: ₹2000/-

Total Estimated Cost: ₹10,000/-

IMPACT:

To modernize the cultural framework of IIT Kharagpur, **The KGP CultHub** provides a structured, data-driven environment that optimizes event management and student participation.

The KGP CultHub will:

- **Increase Transparency:** Ensure clear, real-time access to selection criteria and judging results, building greater trust among all participants.
- **Improve Outreach:** Create a well-informed campus by bridging information gaps, specifically boosting engagement for cultural activities.
- **Streamline the overall General Championship process:** Maximize organizational efficiency by digitalizing event management, registration, and participant lists. This includes a centralized General Championship (GC) timeline and a system for General Championship (GC) slot selections.
- **Centralize Inter-IIT & Open-IIT Resources**: Provide a dedicated, easy to access repository for all updates, trial schedules, and participation opportunities related to **Inter-IIT Cultural Meet** and **Open-IIT events**, ensuring students never miss a deadline or opportunity due to information gaps.

.

PROPOSAL 3: THE SCHOLAR-ARTIST INITIATIVE – PROMOTING AWARD ELIGIBILITY FOR PG/RS STUDENTS

OBJECTIVE:

To institutionalize the recognition of Postgraduate (PG) and Research Scholars (RS) by recalibrating the eligibility criteria of existing Technology Students' Gymkhana (TSG) awards. The objective is to ensure that **active participation** from the Post graduate and Research Scholar community, whether through on-stage performance or core creative leadership, is formally recognized under the **Order of Merit**, **Special Mention** and **Gymkhana Blue** framework, thereby ensuring fairness.

IMPLEMENTATION:

- **Recalibration of the "Order of Merit" (Cultural):** Amend the TSG Award Guidelines to allow active PG/RS participants to qualify for the **Order of Merit** based on their performance points and leadership roles within Hall or Institute contingents.
- **Expansion of "Special Mention":** Update the official eligibility criteria to ensure that PG/RS students who deliver "Outstanding Performances" or "Outstanding contributions" are officially decorated by the Gymkhana.
- **The "Gymkhana Blue" for Active Service:** Ensure that consistent, high-level participation in the General Championship (GC) by PG/RS students makes them eligible for the **Gymkhana Blue**, recognizing their dedication to the institute's cultural legacy.

GROUND WORK:

In order to bring about the changes in the criteria for award nominations, the following stakeholders would have be contacted and discussions have to be conducted:

President, Technology Students' Gymkhana in the consultation with executive council.

I will formally present a **Constitutional Amendment Draft** to the TSG Award

Committee, proposing that the evaluation rubrics for the **Order of Merit** and **Special Mention** be expanded to include core creative and technical leadership roles, ensuring that "Contribution" is defined by impact rather than degree type. To ensure administrative synergy, I will coordinate with the **Dean of Student Affairs** to align these recalibrated criteria with the Institute's broader goals of inclusivity and career valuation for researchers.

IMPACT:

This proposal establishes a formal framework for the institutional appreciation of Postgraduate (PG) and Research Scholars (RS) by officially recognizing their active contributions in the Social and Cultural Committee through the Gymkhana's Order of Merit, Special Mention, and Gymkhana Blue awards. This proposal would also incentivize Post Graduates and Research Scholars to participate more in events of the Social and Cultural committee.

Implementing this proposal aligns IIT Kharagpur with the standards of top-tier global universities, which typically offer equitable award access to all students regardless of degree level. This policy shift elevates the Institute's reputation as a progressive, inclusive environment that values holistic development. It positions the TSG as a leader in student governance, setting a modernization benchmark for other IITs to follow.

PROPOSAL 4: UNISON – THE PAN-INDIA HERITAGE & CULINARY EXCHANGE

(Social & Cultural Committee)

Objective:

To establish a high-impact, inclusive platform during the Freshers' Induction period that celebrates the ethnic diversity of IIT Kharagpur by integrating all **Cultural Associations**. The primary goal is to host a unified showcase of traditional folk arts and regional cuisines during Freshers' Induction. This proposal aims to create awareness among freshers and also provides them a chance to witness an amalgamation of various Indian cultures.

Implementation:

- **Induction Integration:** Schedule the event parallel to and as a flagship segment of the Freshers' Induction program. This ensures a "First-Day" impact, where newcomers immediately see the inclusivity of the campus.
- **Stakeholder Outreach:** Establish a formal partnership between the General Secretaries Social and Cultural and Cultural association leadership to collaboratively curate the "Folk Showcase." This council will ensure the seamless execution of the traditional dance and music performances.
- **The Global Kitchen:** Set up standardized culinary stalls in front of the Department of Computer Science and Engineering. Each Cultural association will manage a stall featuring signature dishes from their home state, accessible via a centralized coupon system.
- **Freshman Incentive:** Provide "Early-Bird" coupons for regional stalls to first-year students to incentivize active participation and facilitate early socialization.

Ground Work:

The open area beside the CSE Department to map out stall placements, stage positioning, and entry/exit points to ensure smooth crowd flow for 2,000+ students without obstructing academic building access.
Held preliminary discussions with heads of Cultural Associations. Obtained verbal "In-Principle" consent for participation, specifically confirming their ability to manage food logistics at the CSE-adjacent location.

Initiated informal dialogue with the **Dean of Student Affairs** and campus security to ensure the event aligns with Induction-week safety protocols and does not conflict with mandatory orientation sessions.

Impact:

- **Immediate Freshman Integration:** Accelerates the social adaptation of new students by connecting them with the broader KGP community.
- **Cultural Preservation:** Facilitates increased cultural preservation through the revitalization of traditional folk arts, ensuring these heritage forms remain a vibrant and visible part of the campus ecosystem.
